Aegeus 48
87" w x 66" h x 32" d

The Doric Columbarium is our testament to the needs of today's funeral industry. Timeless designs with both aesthetics and functionality in mind, it combines classic beauty with modern durability to provide a secure environment for the interment of cremated remains. Limitless designs, superior materials, and expert craftsmanship ensure that it will remain a cherished part of any memorial area for generations to come.

To guarantee our quality standards, all columbaria are assembled in our own facility in Kentucky which allows us to oversee all phases of construction, under the watchful eye of Doric craftsmen. A beautiful granite exterior mounted to a 50-52 aluminum alloy inner structure creates a unit with superior strength and durability to endure the test of time and provide peace-of-mind to the families they serve. For more information, please contact Doric and we will be happy to assist you in any way.
